NOTICE TO INVESTORS IN THE EUROPEAN ECONOMIC AREA

This prospectus supplement has been prepared on the basis that any offer of the notes in any Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “Relevant Member State”) will be made pursuant to an exemption under the Prospectus Directive from the requirement to publish a prospectus for offers of the notes. Accordingly any person making or intending to make an offer in that Relevant Member State of the notes may only do so in circumstances in which no obligation arises for the issuer or any of the underwriters to publish a prospectus pursuant to Article 3 of the Prospectus Directive in relation to such offer. Neither the issuer nor the underwriters have authorised, nor do they authorise, the making of any offer of notes in circumstances in which an obligation arises for the issuer or the underwriters to publish a prospectus for such offer. The expression “Prospectus Directive” means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU), and includes any relevant implementing measure in the Relevant Member State.

NOTICE TO INVESTORS IN THE UNITED KINGDOM

This prospectus supplement is directed solely at persons (i) who are outside the United Kingdom or (ii) in the United Kingdom, who: (A) have professional experience in matters relating to investments and who fall within the definition of “investment professionals” in Article 19(5) of the Financial Services and Markets Act (Financial Promotion) Order 2005 (the “Order”) (B) are high net worth entities and other persons falling within Article 49(2)(a) to (d) of the Order (all such persons together being referred to as “relevant persons”). Accordingly, by accepting delivery of this prospectus supplement, the recipient warrants and acknowledges that it is such a relevant person. This prospectus supplement must not be acted on or relied on by persons who are not relevant persons. Any investment or investment activity to which this prospectus supplement relates is available only to relevant persons and will be engaged in with relevant persons only.

FORWARD-LOOKING STATEMENTS

This prospectus supplement, the accompanying prospectus and the information incorporated by reference include forward-looking statements relating to future events or our future results. These statements are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, and are intended to come within the safe harbor protection provided by those sections. Generally, words such as “may,” “will,” “should,” “could,” “would,” “anticipate,” “expect,” “intend,” “estimate,” “plan,” “project,” “continue,” “goal” and “believe,” or other variations on these and other similar expressions identify forward-looking statements. Forward-looking statements are only predictions and, as such, are not guarantees of future performance and involve risks, uncertainties and assumptions and other factors that are difficult to predict. Forward-looking statements are based upon assumptions as to future events or our future financial performance that may not prove to be accurate. These statements speak only as of the date they were made, and we undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. Actual outcomes and results may differ materially from what is expressed or implied in these forward-looking statements. The forward-looking statements, as well as our prospects as a whole, are subject to risks and uncertainties, including, among others, the following: increases in financing costs; the availability of financing or limits on liquidity resulting from disruptions in the capital markets or other factors; unanticipated increases in costs associated with compliance with federal, state or local laws and regulations; changes in the marketplaces in which we compete (including changes in demand or changes resulting from new laws and regulations); changes in accounting standards including, but not limited to, changes pertaining to loan loss reserves and estimates or other accounting standards that may impact our operations; adverse outcomes in any significant litigation to which we are a party; credit risk associated with our exposure to third parties, including counterparties to hedging or other derivative transactions; and changes in the terms of education loans and the educational credit marketplace (including changes resulting from new laws and the implementation of existing laws). We could also be affected by, among other things: unanticipated deferrals in our Federal Family Education Loan Program securitization trusts that would delay repayment of the bonds beyond their legal final maturity date; reductions to our credit ratings, the credit ratings of asset-backed securitizations we sponsor or the credit ratings of the United States of America; failures of our operating systems or infrastructure, or those of third-party vendors; risks related to cybersecurity including the potential disruption of our systems or potential disclosure of confidential customer information; damage to our reputation resulting from cyber breaches, litigation, the politicization of student loan servicing or other actions or factors; failure to successfully implement cost-cutting initiatives and adverse effects of such initiatives on our business; failure to adequately integrate acquisitions or realize anticipated benefits from acquisitions including delays or errors in converting portfolio acquisitions to our servicing platform; changes in law and regulations including, but not limited to, changes with respect to the student lending or servicing business and financial institutions generally, securitizations or derivatives; increased competition from banks and other consumer lenders; changes in the general interest rate environment, including the relationship between the relevant money-market index rate and the rate at which our assets are priced; our ability to successfully effectuate any acquisitions and other strategic initiatives; changes in the demand for asset management and business processing solutions; changes in general economic conditions; and the other factors that are described in the “Risk Factors” section of our Annual Report on Form 10-K for the year ended December 31, 2016 and in our other reports filed with the SEC.

The preparation of our consolidated financial statements also requires management to make certain estimates and assumptions including estimates and assumptions about future events. These estimates or assumptions may prove to be incorrect and actual results could differ materially. All forward-looking statements contained in this prospectus supplement are qualified by these cautionary statements and are made only as of the date of this document. We do not undertake any obligation to update or revise these forward-looking statements except as required by law.

For more information regarding these risks and uncertainties as well as certain additional risks that we face, investors should review the risks described in this prospectus supplement and those incorporated by reference

into the accompanying prospectus, including those risks in our Annual Report on Form 10-K for the year ended December 31, 2016, and subsequent reports and registration statements filed from time to time with the SEC.

In reviewing any agreements incorporated by reference in this prospectus supplement or the accompanying prospectus, please remember they are included to provide you with information regarding the terms of such agreement and are not intended to provide any other factual or disclosure information about us. The agreements may contain representations and warranties by us, which should not in all instances be treated as categorical statements of fact, but rather as a way of allocating the risk to one of the parties should those statements prove to be inaccurate. The representations and warranties were made only as of the date of the relevant agreement or such other date or dates as may be specified in such agreement and are subject to more recent developments. Accordingly, these representations and warranties alone may not describe the actual state of affairs as of the date they were made or at any other time.

SUMMARY HISTORICAL FINANCIAL DATA

You should read the summary historical consolidated financial data set forth below in conjunction with “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and the consolidated financial statements and the related notes included in our Annual Report on Form 10-K for the year ended December 31, 2016 and our Quarterly Report on Form 10-Q for the three months ended March 31, 2017, each of which is incorporated by reference in this prospectus supplement and the accompanying prospectus. We are treated as the “accounting spinoff” and therefore as the “accounting successor” to SLM Corporation (as it existed prior to the spin-off transaction that was completed on April 30, 2014) and its consolidated subsidiaries, which we refer to collectively, as Old SLM. As a result, the historical financial statements of Old SLM prior to April 30, 2014 are the historical financial statements of Navient. For that reason, the historical financial information related to periods on or prior to April 30, 2014 presented below is that of Old SLM, which includes the consolidated results of both the loan management, servicing and asset recovery business (now part of Navient) and the consumer banking business (now part of new SLM Corporation).

Our debt is structurally subordinated to the debt and other liabilities of our subsidiaries.

The notes are obligations exclusively of Navient Corporation. We are a holding company and, accordingly, substantially all of our operations are conducted through our subsidiaries. As a result, our debt is “structurally subordinated” to all existing and future debt, trade creditors, and other liabilities of our subsidiaries. Our rights, and hence the rights of our creditors, to participate in any distribution of assets of any subsidiary upon its liquidation or reorganization or otherwise would be subject to the prior claims of that subsidiary’s creditors, except to the extent that our claims as a creditor of such subsidiary may be recognized. The indenture that governs the notes does not restrict our or our subsidiaries’ ability to incur indebtedness, including secured indebtedness, to pay dividends or make distributions on, or redeem or repurchase our equity securities, or to engage in highly leveraged transactions that would increase the level of our indebtedness.

We depend upon our subsidiaries to service our debt.

Our cash flow and our ability to service our debt, including the notes, is dependent upon the earnings of our subsidiaries. Our subsidiaries are separate and distinct legal entities. They have no obligation to pay any amounts due under the notes or to provide us with funds for our payment obligations. Payment to us by our subsidiaries will also be contingent upon our subsidiaries’ earnings and other business considerations.

Our substantial indebtedness could adversely affect our financial condition.

We will have a substantial amount of indebtedness, which could limit our ability to obtain additional financing for working capital, capital expenditures, stock repurchases, acquisitions, debt service requirements or other purposes. It may also increase our vulnerability to adverse economic, market and industry conditions, limit our flexibility in planning for, or reacting to, changes in our business operations or to our industry overall, and place us at a disadvantage in relation to our competitors that have lower debt levels. Any or all of the above events and/or factors could have an adverse effect on our results of operations and financial condition.

We may issue additional notes.

Under the terms of the indenture that governs the notes, we may from time to time without notice to, or the consent of, the holders of the applicable series of notes, create and issue additional notes of a new or existing series, which notes, if of an existing series, will be equal in rank to the notes of that series in all material respects so that the new notes may be consolidated and form a single series with such notes and have the same terms as to status, redemption or otherwise as such notes (except for the issue date and public offering price).

Redemption may adversely affect your return on your notes.

The notes are redeemable at our option, and therefore we may choose to redeem the notes at times when prevailing interest rates are relatively low. As a result, you may not be able to reinvest the proceeds you receive from the redemption in a comparable security at an effective interest rate as high as the interest rate on your notes being redeemed. Our ability to redeem the notes before the maturity date may affect the market value of the notes at any time when potential purchasers believe we are likely to redeem the notes.

An active trading market for the notes may not develop.

The notes are a new issue of securities for which there is no established trading market. We do not intend to apply for listing of the notes on any securities exchange or for inclusion of the notes on any automated dealer quotation system. As a result, an active trading market for the notes may not develop and any such market, if it were to develop, may not be liquid or sustainable for any period of time. Future trading prices of the notes will depend on many factors, including, among other things, prevailing interest rates, the then-current ratings assigned to the notes, the market for similar securities and our performance. Any trading market that develops would be affected by many factors independent of and in addition to the foregoing, including:

- time remaining to the maturity of the notes;
- outstanding amount of the notes;
- the terms related to redemption of the notes; and
- level, direction and volatility of market interest rates generally.

The underwriters have advised us that they currently intend to make a market in the notes, but they are not obligated to do so and may cease market-making at any time without notice, which could further negatively impact your ability to sell the notes or the prevailing market price at the time you choose to sell.

A downgrade, suspension or withdrawal of the rating assigned by a rating agency to the notes, or changes in the financial and credit markets, could cause the liquidity or market value of the notes to decline significantly.

We expect that the notes will be rated by one or more rating agencies. Any rating assigned to the notes may not remain, may be lowered or withdrawn entirely by a rating agency if, in that rating agency's judgment, future circumstances relating to the basis of the rating, such as adverse changes in our business, warrant a change to the rating assigned.

In addition, the condition of the financial and credit markets and prevailing interest rates have fluctuated in the past and are likely to fluctuate in the future. Any ratings downgrade of the notes or further disruptions in the financial and credit markets and future fluctuations in these markets and prevailing interest rates may have an adverse effect on the market value of the notes.

The provisions of the notes relating to change of control transactions will not necessarily protect you in the event of a highly leveraged transaction.

The change of control provisions in the terms of the notes will not necessarily afford you protection in the event of a highly leveraged transaction that may adversely affect you, including a takeover, reorganization, recapitalization, restructuring, merger or other similar transactions involving us. These transactions may not involve a change in voting power or beneficial ownership or result in a downgrade in the ratings of the notes, or, even if they do, may not necessarily constitute a Change of Control Triggering Event (as defined herein) that affords you the protections described in this prospectus supplement. As a result, we could enter into any such transaction even though the transaction could increase the total amount of our outstanding indebtedness, adversely affect our capital structure or credit rating or otherwise adversely affect the holders of the notes. Except

[Table of Contents](#)

as described under “Description of Notes—Repurchase Upon a Change of Control,” the indenture does not contain provisions that permit the holders of the notes to require us to repurchase the notes in the event of a takeover, reorganization, recapitalization, restructuring, merger or similar transaction.

We may not be able to repurchase all of the notes upon a change of control, which would result in a default under each series of notes.

We will be required to offer to repurchase the notes upon the occurrence of a Change of Control Triggering Event as provided in the indenture governing the notes. However, we may not have sufficient funds to repurchase the notes in cash at such time. In addition, our ability to repurchase the notes for cash may be limited by law or the terms of other agreements relating to our indebtedness outstanding at the time. The failure to make such repurchase would result in a default under the indenture.

Illiquid Market Conditions May Occur From Time To Time

From time to time, the secondary market for your notes may be adversely affected by periods of general market illiquidity or by events in the global financial markets in general or in the securitization market in particular. Accordingly, you may not be able to sell your notes when you want to do so or you may be unable to obtain the price that you wish to receive for your notes and, as a result, you may suffer a loss on your investment.

Additionally, recent events in the global financial markets may cause a reduction of liquidity in the secondary market for your notes. Specifically, uncertainty surrounding the exit of the United Kingdom or any other country from the European Union or the abandonment by any country of the Euro would likely have a destabilizing effect on Eurozone countries and their economies and may have an adverse effect on the global economy as a whole.

USE OF PROCEEDS

We estimate that the net proceeds from this offering, after deducting underwriters' discounts and estimated offering expenses of approximately \$500,000, will be approximately \$494.5 million. We intend to use the net proceeds from this offering for general corporate purposes, including debt repurchases.

DESCRIPTION OF NOTES

The following description is only a summary of certain provisions of the Indenture and the notes, copies of which are available upon request to us at the address set forth under “Where You Can Find More Information.” In this description, the term “Navient” refers only to Navient Corporation and not to any of its subsidiaries or affiliates. Certain capitalized terms used in this description but not defined below have the meanings assigned to them in the Indenture. We urge you to read the Indenture and the notes because they, and not this description, define your rights as holders of the notes.

General

Navient will issue the notes as a series of debt securities under a base indenture, dated as of July 18, 2014, between Navient, as the company, and The Bank of New York Mellon, as trustee (the “Trustee”), as supplemented by a supplemental indenture to be entered into between Navient and the Trustee. The term “Indenture” in this description of notes refers to the base indenture as supplemented by the supplemental indenture.

The notes will mature on June 25, 2025. Interest (computed on the basis of a 360-day year consisting of twelve 30-day months) on the notes will accrue at the rate of 6.750% per year and will be payable semi-annually in arrears on each June 25, and December 25, commencing on December 25, 2017; interest payable on each interest payment date will include interest accrued from May 26, 2017, or from the most recent interest payment date to which interest has been paid or duly provided for.

Navient will make each interest payment to the holders of record of the notes on the business day immediately preceding an interest payment date. The registered holder of a note will be treated as the owner of it for all purposes. Only registered holders will have rights under the Indenture.

The notes will be senior, unsecured obligations of Navient and will rank equally with all of Navient’s other existing and future unsecured and unsubordinated indebtedness. As of March 31, 2017, (i) we had an approximately \$14.0 billion aggregate principal amount of unsecured senior indebtedness outstanding with which the notes will rank pari passu and (ii) our subsidiaries had no unsecured senior indebtedness outstanding.

The notes will be represented by Global Securities, which will be deposited with, or on behalf of, The Depository Trust Company (“DTC”), New York, New York, and registered in the name of DTC’s nominee. Each note represented by a Global Security is referred to herein as a “Book-Entry Note.”

The Indenture does not limit the amount of notes or other debt securities of Navient that may be issued under the Indenture. Navient may also at any time and from time to time, without notice to or consent of the holders, issue additional debt securities of the same tenor, coupon and other terms as the notes, (except for the issue date and public offering price) so that such debt securities and the notes offered pursuant to this prospectus supplement and the accompanying prospectus shall form a single series. References herein to the notes shall include (unless the context otherwise requires) any further notes issued as described in this paragraph.

Unless otherwise provided and except with respect to Book-Entry Notes, principal of and premium, if any, and interest, if any, on the notes will be payable, and the transfer of notes will be registrable, at the Corporate Trust Office of the Trustee, except that, at the option of Navient, interest may be paid by mailing a check to the holder of the notes entitled thereto or, in accordance with arrangements satisfactory to the Trustee, at the option of the holder of the notes by wire transfer to an account designated by such holder.

For a description of payments of principal of, and premium, if any, and interest on, and transfer of, Book-Entry Notes and exchanges of Global Securities representing Book-Entry Notes, see “—Book-Entry, Delivery and Form.”

[Table of Contents](#)

The notes will be issued only in fully registered form without coupons only in denominations of \$2,000 and in integral multiples of \$1,000 in excess thereof.

Optional Redemption

We may redeem the notes at our option, at any time or from time to time, in whole or in part, at a redemption price equal to the greater of:

- 100% of the principal amount of the notes to be redeemed plus accrued and unpaid interest thereon to the date of redemption; and
- the sum of the present values of the remaining scheduled payments of principal and interest on the notes to be redeemed (exclusive of interest accrued to the date of redemption) discounted to the date of redemption on a semiannual basis (assuming a 360-day year consisting of twelve 30 day months) at the applicable Treasury Rate plus 50 basis points, plus, in each case, accrued and unpaid interest on the principal amount being redeemed to the date of redemption.

For purposes of determining the optional redemption price, the following definitions are applicable:

“Treasury Rate” means, with respect to any redemption date for the notes, the rate per annum equal to the semi-annual equivalent yield to maturity or interpolated (on a day count basis) of the Comparable Treasury Issue, calculated using a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date.

The Treasury Rate will be calculated on the third business day preceding the redemption date.

“Comparable Treasury Issue” means the U.S. Treasury security or securities selected by an Independent Investment Banker as having an actual or interpolated maturity comparable to the remaining term of the notes that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining terms of the notes.

“Comparable Treasury Price” means, with respect to any redemption date:

- the average, as determined by the Independent Investment Banker, of the Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest such Reference Treasury Dealer Quotations, or
- if the Independent Investment Banker is unable to obtain at least four such Reference Treasury Dealer Quotations, the average of all Reference Treasury Dealer Quotations obtained by the Independent Investment Banker.

“Independent Investment Banker” means Barclays Capital Inc., J.P. Morgan Securities LLC and Merrill Lynch, Pierce, Fenner & Smith Incorporated, as specified by us, or if these firms are unwilling or unable to select the applicable Comparable Treasury Issue or average of the Reference Treasury Dealer Quotations, an independent investment banking institution of national standing appointed by us.

“Reference Treasury Dealer” means Barclays Capital Inc., J.P. Morgan Securities LLC and Merrill Lynch, Pierce, Fenner & Smith Incorporated (and their respective successors) plus one other or their affiliates which are primary U.S. government securities dealers (each a “Primary Treasury Dealer”), provided however, that if any of the foregoing shall cease to be a Primary Treasury Dealer, we will substitute therefor another Primary Treasury Dealer.

“Reference Treasury Dealer Quotations” means, with respect to each Reference Treasury Dealer and any redemption date for the notes, an average, as determined by the Independent Investment Banker, of the bid and asked prices for the Comparable Treasury Issue for the notes (expressed in each case as a percentage of its principal amount) quoted in writing to the Independent Investment Banker at 5:00 p.m., New York City time, on the third business day preceding such redemption date.

[Table of Contents](#)

Notice of any redemption will be mailed at least 30 days but not more than 60 days before the redemption date to each registered holder of notes to be redeemed. Unless we default in payment of the redemption price, on and after the redemption date, interest will cease to accrue on the notes or portions of the notes called for redemption. If fewer than all of the notes are to be redeemed, the Trustee will select, not more than 60 days prior to the redemption date, the particular notes or portions thereof for redemption from the outstanding notes not previously called, *pro rata*, by lot or in such other manner as the Trustee shall deem appropriate (provided that, in the case of global notes, DTC may select beneficial interests in global notes for redemption pursuant to its applicable procedures).

Repurchase Upon a Change of Control

If a Change of Control Triggering Event occurs, unless we have exercised our right, if any, to redeem the notes in full, we will offer (the “Change of Control Offer”) to repurchase any and all of each holder’s notes (equal to \$2,000 or an integral multiple of \$1,000 above that amount) at a repurchase price in cash equal to 101% of the aggregate principal amount of the notes repurchased plus accrued and unpaid interest, if any, thereon, to, but not including, the date of repurchase (the “Change of Control Payment”). Within 30 days following any Change of Control Triggering Event, we will be required to mail a notice to holders, with a copy to the trustee, describing the transaction or transactions that constitute the Change of Control Triggering Event and offering to repurchase the notes on the date specified in the notice, which date will be no less than 30 days and no more than 60 days from the date such notice is mailed (the “Change of Control Payment Date”), pursuant to the procedures described in such notice.

We must comply with the requirements of Rule 14e-1 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the notes as a result of a Change of Control Triggering Event. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control repurchase provisions of the notes, we will be required to comply with the applicable securities laws and regulations and will not be deemed to have breached our obligations under the Change of Control repurchase provisions of the notes by virtue of such conflicts.

We will not be required to offer to repurchase the notes upon the occurrence of a Change of Control Triggering Event if a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for an offer made by us and the third party repurchases on the applicable date all notes properly tendered and not withdrawn under its offer; provided that for all purposes of the notes and the Indenture governing the notes, a failure by such third party to comply with the requirements of such offer and to complete such offer shall be treated as a failure by us to comply with our obligations to offer to repurchase the notes unless we promptly make an offer to repurchase the notes at 101% of the principal amount thereof plus accrued and unpaid interest, if any, thereon, to, but not including, the date of repurchase, which shall be no later than 30 days after the third party’s scheduled Change of Control Payment Date.

On the Change of Control Payment Date, we will be required, to the extent lawful, to:

- accept or cause a third party to accept for payment all notes properly tendered pursuant to the Change of Control Offer;
- deposit or cause a third party to deposit with the paying agent an amount equal to the Change of Control Payment in respect of all notes properly tendered; and
- deliver or cause to be delivered to the trustee the notes properly accepted, together with an officer’s certificate stating the principal amount of notes being repurchased.

The definition of Change of Control includes a phrase relating to the direct or indirect sale, lease, transfer, conveyance or other disposition of “all or substantially all” of the properties or assets of Navient and its

Table of Contents

subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase “substantially all,” there is no precise, established definition of the phrase under applicable law. Accordingly, the applicability of the requirement that we offer to repurchase the notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the assets of Navient and its subsidiaries taken as a whole to another Person (as defined in the Indenture governing the notes) or group may be uncertain.

For purposes of the foregoing discussion of the applicable Change of Control provisions, the following definitions are applicable:

“Board of Directors” means the board of directors or comparable governing body of Navient Corporation; provided that if Navient Corporation is a wholly-owned subsidiary of another person, the Board of Directors means the board of directors or comparable governing body of such person.

“Change of Control” means the occurrence of any of the following: (1) direct or indirect sale, transfer, conveyance or other disposition (other than by way of merger or consolidation), in one or a series of related transactions, of all or substantially all of the properties or assets of Navient Corporation and its subsidiaries taken as a whole to any “person” (as that term is used in Section 13(d)(3) of the Exchange Act) other than to Navient Corporation or one of its subsidiaries; (2) the consummation of any transaction (including, without limitation, any merger or consolidation) the result of which is that any “person” (as that term is used in Section 13(d)(3) of the Exchange Act) other than Navient Corporation or one of its subsidiaries becomes the beneficial owner, directly or indirectly, of more than 50% of the then-outstanding number of shares of Navient Corporation’s voting stock; (3) Navient Corporation consolidates with, or merges with or into, any “person” (as that term is used in Section 13(d)(3) of the Exchange Act), or any “person” (as that term is used in Section 13(d)(3) of the Exchange Act) consolidates with, or merges with or into, Navient Corporation, in any such event pursuant to a transaction in which any of the outstanding voting stock of Navient Corporation or such other “person” (as that term is used in Section 13(d)(3) of the Exchange Act) is converted into or exchanged for cash, securities or other property, other than any such transaction where the shares of the voting stock of Navient Corporation outstanding immediately prior to such transaction constitute, or are converted into or exchanged for, a majority of the voting stock of the surviving “person” (as that term is used in Section 13(d)(3) of the Exchange Act) immediately after giving effect to such transaction; (4) the first day on which a majority of the members of Navient Corporation’s Board of Directors are not Continuing Directors; or (5) the adoption of a plan relating to the liquidation or dissolution of Navient Corporation; provided, however, that a transaction will not be deemed to involve a Change of Control if (A) we become a wholly owned subsidiary of a holding company and (B) the holders of the voting stock of such holding company immediately following that transaction are substantially the same as the holders of Navient Corporation’s voting stock immediately prior to that transaction. For purposes of this definition, “voting stock” means capital stock or other equity interests of any class or kind the holders of which are ordinarily, in the absence of contingencies, entitled to vote for the election of directors (or persons performing similar functions) of Navient Corporation, even if the right to vote has been suspended by the happening of such a contingency.

“Change of Control Triggering Event” means the occurrence of both (i) a Change of Control and (ii) a Ratings Downgrade Event.

“Continuing Directors” means, as of any date of determination, any member of the Board of Directors of Navient Corporation who (1) was a member of the Board of Directors of Navient Corporation on the date of the issuance of the notes; or (2) was nominated for election or elected to the Board of Directors of Navient Corporation with the approval of a majority of the Continuing Directors who were members of such Board of Directors of Navient Corporation at the time of such nomination or election (either by specific vote or by approval of Navient Corporation’s proxy statement in which such member was named as a nominee for election as a director).

Table of Contents

“Fitch” means Fitch, Inc., also known as Fitch Ratings, Inc.

“Investment Grade Rating” means a rating by Moody’s equal to or higher than Baa3 (or the equivalent under a successor rating category of Moody’s), a rating by S&P equal to or higher than BBB- (or the equivalent under any successor rating category of S&P), a rating by Fitch equal to or higher than BBB- (or the equivalent under any successor rating category of Fitch), and the equivalent investment grade credit rating from any replacement rating agency or rating agencies selected by us under the circumstances permitting us to select a replacement agency and in the manner for selecting a replacement agency, in each case as set forth in the definition of “Rating Agencies.”

“Moody’s” means Moody’s Investors Service, Inc.

“Navient Corporation” means Navient Corporation, or any successor.

“Rating Agencies” means (1) Moody’s, S&P and Fitch; and (2) if any or all of Moody’s, S&P or Fitch ceases to rate the notes or fails to make a rating of the notes publicly available for reasons outside of our control, a “nationally recognized statistical rating organization” within the meaning of Section 3(a)(62) under the Exchange Act, that we select (pursuant to a resolution of the Board of Directors) as a replacement agency for any of Moody’s, S&P or Fitch, or all of them, as the case may be.

“Ratings Downgrade Event” means, on any date during the Trigger Period, the notes being downgraded by at least one modifier (a modifier being plus, neutral or minus for S&P or Fitch, 1, 2 or 3 for Moody’s and a similar modifier by any other Rating Agency) by any two of the three Rating Agencies from the rating on the notes by each such Rating Agency on the date prior to the first day of the Trigger Period; provided that no Ratings Downgrade Event shall be deemed to occur, if either (i) the rating on the notes by each Rating Agency that downgraded its rating is an Investment Grade Rating after the downgrade or (ii) in respect of a particular Change of Control, the Rating Agency or Agencies (as applicable) that downgraded the notes announce or confirm or inform the Trustee in writing that the reduction was not the result, in whole or in part, of any event or circumstance comprised of, or arising as a result of, or in respect of, the applicable Change of Control.

“S&P” means S&P Global Ratings, a Standard & Poor’s Financial Services LLC business.

“Trigger Period” means the period commencing one day prior to the first public announcement by Navient Corporation of a Change of Control or an arrangement that could result in a Change of Control and ending 60 days following consummation of the Change of Control (which period will be extended following consummation of a Change of Control for so long as the rating of the notes is under announced consideration for possible downgrade by any of the Rating Agencies as the result, in whole or in part, of any event or circumstance comprised of, or arising as a result of, or in respect of, the applicable Change of Control).

Certain Covenants

The Indenture will contain certain covenants, including, among others, those described below. Except as set forth below, Navient will not be restricted by the Indenture from incurring any type of indebtedness or other obligation, from paying dividends or making distributions on its capital stock or from purchasing or redeeming its capital stock. In addition, except as described under “—Repurchase Upon a Change of Control,” the Indenture will not contain any provisions that would require Navient to repurchase or redeem or otherwise modify the terms of any of the notes upon a change in control or other events involving Navient which may adversely affect the creditworthiness of the notes. The Indenture will not restrict the ability of Navient or its subsidiaries to transfer assets to and among Navient’s subsidiaries.

Merger, Consolidation and Sale of Assets

Navient will not consolidate or merge with or into any other entity, or sell, convey, transfer or lease all or substantially all its assets to another entity, unless:

- either Navient shall be the continuing entity, or the successor, transferee or lessee entity (if other than Navient) shall be organized and existing under the laws of the United States or any state thereof and expressly assume prior to or simultaneously with such consolidation, merger, sale, conveyance, transfer or lease, all obligations under the Indenture and the notes to be performed or observed by Navient;
- immediately after such consolidation, merger, sale, conveyance, transfer or lease Navient or the successor, transferee or lessee entity would not be in default in the performance of any covenant or condition of the Indenture; and
- Navient shall have delivered to the Trustee an officer's certificate and an opinion of counsel, each stating that such consolidation, merger, conveyance or transfer and such supplemental indenture comply with the relevant section of the Indenture and that all conditions precedent provided for relating to such transaction have been complied with.

Events of Default

An Event of Default with respect to the notes is defined as follows:

- failure to pay interest on the notes, which continues for 30 days;
- failure to pay principal of or premium, if any, on the notes at maturity, redemption, acceleration or otherwise;
- failure to pay sinking fund installment, if any, which continues for 30 days;
- failure to perform or breach of any covenant of Navient in the Indenture (other than a default in the performance or breach of a covenant included in the Indenture solely for the benefit of debt securities of Navient other than the notes offered pursuant to this prospectus supplement), which continues for 90 days after written notice has been given to Navient by the Trustee or to Navient and the Trustee by the holders of at least 25% in aggregate principal amount of the notes then outstanding; and
- certain events of bankruptcy, insolvency or reorganization of Navient.

The Indenture provides that, if any Event of Default with respect to the notes occurs and is continuing, either the Trustee or the holders of not less than 25% in principal amount of the notes then outstanding may declare the principal amount of (and all accrued and unpaid interest and premium, if any, on) all notes to be due and payable immediately, but under certain conditions such declaration may be rescinded and annulled and past defaults (except, unless theretofore cured, a default in payment of principal of or premium, if any, or interest, if any, on the notes and certain other specified defaults) may be waived by the holders of not less than a majority in principal amount of the notes on behalf of the holders of all the notes.

Within 90 days after the occurrence of a default, and if known to the Trustee, the Trustee shall give notice to the holders of the notes of the default, unless such default shall have been cured or waived before the giving of such notice. Except in the case of a default in payment of the principal of, premium, if any, or interest on the notes, the Trustee shall be protected in withholding such notice, if the Trustee in good faith determines that the withholding of such notice is in the interests of the holders. For purposes of the provision described in this paragraph, the term default with respect to any notes means any event which is, or after notice or lapse of time or both, would become an "Event of Default" specified in the Indenture with respect to the notes.

The Trustee is required, during an Event of Default, to act with the standard of care provided in the Trust Indenture Act of 1939, as amended (the "Trust Indenture Act"). The Indenture provides that the holders of a

[Table of Contents](#)

majority in principal amount of the notes may direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred on the Trustee with respect to the notes. However, the Indenture contains a provision entitling the Trustee to be indemnified to its satisfaction by holders of the notes before proceeding to exercise any right or power vested in it under the Indenture at the request or direction of the holders of the notes. The terms of the indemnification required by the Trustee will depend on the nature of the right or power requested or directed to be exercised by the holders and the circumstances that exist at that time. Generally, the Trustee would expect to be fully protected for all actions.

Modification and Waiver

Modifications and amendments may be made by Navient and the Trustee to the Indenture, without the consent of any holder of the notes, to, among other things:

- add to the covenants and agreements of Navient and to add Events of Default, in each case for the protection or benefit of the holders;
- evidence the succession of another corporation to Navient, or successive successions, and the assumption by such successor of the covenants and obligations of Navient;
- evidence and provide for the acceptance of appointment under the Indenture by a successor Trustee and to add to or change any of the provisions of the Indenture as shall be necessary for or facilitate the administration of the trusts thereunder by more than one Trustee;
- secure the notes or to add guarantors or co-obligors with respect to the notes or release guarantors from their guarantees of the notes in accordance with the terms of the notes;
- cure any ambiguity or inconsistency or to correct or supplement any provision contained in the Indenture which may be defective or inconsistent with any other provision in the Indenture or to conform the terms in the Indenture to the description of the terms of the notes in the prospectus supplement;
- add to or change or eliminate any provision of the Indenture as shall be necessary or desirable in accordance with any amendments to the Trust Indenture Act;
- make any change that does not adversely affect in any material respect the interests of the holders of the notes;
- provide for uncertificated securities in addition to certificated securities; or
- permit or facilitate the defeasance and discharge of the notes provided that any such action shall not adversely affect the interests of the holders of the notes or any other series of securities issued under the Indenture.

The Indenture contains provisions permitting Navient and the Trustee, with the consent of the holders of a majority in aggregate in principal amount of the notes then outstanding to execute supplemental indentures adding any provisions to or changing or eliminating any of the provisions of the Indenture or modifying the rights of the holders of the notes, except that no such supplemental indenture may, without the consent of the holder of each note affected thereby:

- extend the stated maturity of the principal of, or any installment of interest on, the notes, or reduce the principal amount thereof or interest thereon or any premium payable on redemption of the notes or change the currency in which the principal of and premium, if any, or interest on the notes is denominated or payable;
- reduce the percentage in principal amount of the notes, the consent of whose holders is required for any supplemental indenture or for waiver of compliance with certain provisions of the Indenture or certain defaults thereunder;

Table of Contents

- reduce the percentage of holders of the notes required to consent to any waiver of defaults, covenants or supplemental indentures; or
- modify, without the written consent of the Trustee, the rights, duties or immunities of the Trustee.

The holders of a majority in aggregate principal amount of the outstanding notes may, on behalf of all the holders of all notes:

- waive compliance by Navient with certain restrictive provisions of the Indenture, as detailed in the Indenture; or
- waive any past default or event of default under the Indenture and its consequences, except a default or event of default in the payment of any amount due with respect to any note, or in respect of any provision which under the Indenture cannot be modified or amended without the consent of the holder of each outstanding note affected.

Satisfaction and Discharge

The Indenture will cease to be of further effect if:

- all notes (other than destroyed, lost or stolen notes which have been replaced or paid and notes, the payment for which has been held in trust and thereafter repaid to Navient or discharged from such trust) have been delivered to the Trustee for cancellation; or
- all notes not previously delivered to the Trustee for cancellation have become due and payable or are by their terms to become due and payable at their stated maturity within one year or, if redeemable at the option of Navient, are to be called for redemption within one year under arrangements satisfactory to the Trustee and Navient has deposited with the Trustee, as trust funds, an amount sufficient to pay and discharge the entire indebtedness on the notes for principal and any premium and interest to the date of such deposit or to maturity or redemption, as the case may be; provided, however, in the event a bankruptcy petition is filed with respect to Navient within 91 days after the deposit and the Trustee is required to return the moneys then on deposit with the Trustee to Navient, obligations of Navient under the Indenture will not be deemed terminated or discharged.

Such trust may only be established if:

- Navient has paid or caused to be paid all other sums payable by Navient under the Indenture; and
- Navient has delivered to the Trustee an officer's certificate and an opinion of counsel, each stating that all conditions precedent provided for in the Indenture relating to the satisfaction and discharge of the Indenture have been complied with.

Defeasance

The Indenture provides that the terms of the notes may provide Navient with the option to discharge its indebtedness represented by such notes or to cease to be obligated to comply with certain covenants under the Indenture. Navient, in order to exercise such option, will be required to deposit with the Trustee money and/or U.S. government obligations which, through the payment of interest and principal in respect thereof in accordance with their terms, will provide money in an amount sufficient to pay the principal of and premium, if any, and interest on, the notes at the stated maturity of such payments in accordance with the terms of the Indenture and such notes, provided, however, in the case of the notes being discharged, in the event a bankruptcy petition is filed with respect to Navient within 91 days after the deposit and the Trustee is required to return the money and/or U.S. government obligations then on deposit with the Trustee to Navient, such indebtedness will not be deemed discharged.

[Table of Contents](#)

Such trust may only be established if:

- no default or event that with notice or lapse of time or both would become an event of default shall have occurred and be continuing on the date of such deposit (other than a default resulting from the borrowing of funds and the grant of any related liens to be applied to such deposit);
- Navient has delivered to the Trustee:
 - an opinion of counsel, stating that the holders of the notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of Navient's exercise of this defeasance option and will be subject to U.S. federal income tax on the same amounts and in the same manner and at the same times as would have been the case if Navient had not exercised this option; and
 - in the case of the notes being discharged, accompanied by a ruling to that effect received from or published by the U.S. Internal Revenue Service.

Trustee

The Trustee may resign or be removed with respect to the notes and a successor trustee may be appointed to act with respect to such notes.

Book-Entry, Delivery and Form

The notes will be represented by one or more permanent global notes in definitive, fully registered form without interest coupons. Upon issuance, the notes will be deposited with The Bank of New York Mellon, as Trustee, as custodian for DTC, and registered in the name of DTC or its nominee.

Ownership of beneficial interests in a global note will be limited to persons who have accounts with DTC, which we refer to as "participants," or persons who hold interests through participants. Ownership of beneficial interests in a global note will be shown on, and the transfer of that ownership will be effected only through, records maintained by DTC or its nominee (with respect to interests of participants) and the records of participants (with respect to interests of persons other than participants).

So long as DTC, or its nominee, is the registered owner or holder of any of the notes, DTC or that nominee as the case may be, will be considered the sole owner or holder of such notes represented by the global note for all purposes under the Indenture and the notes. No beneficial owner of an interest in a global note will be able to transfer such interest except in accordance with DTC's applicable procedures, in addition to those provided for under the Indenture.

Payments of the principal of, and interest on, a global note will be made to DTC or its nominee, as the case may be, as the registered owner thereof. None of the Trustee, any paying agent, or we, or any of their or our agents, will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in a global note or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

We expect that DTC or its nominee, upon receipt of any payment of principal or interest in respect of a global note, will credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of such global note as shown on the records of DTC or its nominee. We also expect that payments by participants to owners of beneficial interests in such global note held through such participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers registered in the names of nominees for such customers. Such payments will be the responsibility of such participants.

[Table of Contents](#)

Transfers between participants in DTC will be effected in the ordinary way in accordance with DTC rules and procedures and will be settled in same-day funds.

We expect that DTC will take any action permitted to be taken by a holder of notes only at the direction of one or more participants to whose account the DTC interests in a global note is credited and only in respect of such portion of the aggregate principal amount of notes as to which such participant or participants has or have given such direction. However, if there is an event of default under the notes, DTC will exchange the applicable global note for certificated notes, which it will distribute to its participants.

A global note is exchangeable for definitive notes in registered certificated form if:

- DTC (i) notifies us that it is unwilling or unable to continue as depository for the global notes, and we fail to appoint a successor depository, or (ii) has ceased to be a clearing agency registered under the Exchange Act;
- at our option, we notify the trustees in writing that we have elected to cause the issuance of the certificated securities; or
- there has occurred and is continuing a default or event of default with respect to the notes.

In addition, beneficial interests in a global note may be exchanged for certificated securities upon prior written notice given to the trustees by or on behalf of DTC in accordance with the Indenture.

In all cases, certificated securities delivered in exchange for any beneficial interests in global notes will be registered in the names, and issued in any approved denominations, requested by or on behalf of the depository (in accordance with its customary procedures). Certificated securities may be presented for registration, transfer and exchange at The Bank of New York Mellon, New York, New York, or the office or agency designated for such purpose.

DTC has advised us that: DTC is a limited purpose trust company organized under the laws of the State of New York, a “banking organization” within the meaning of New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the Uniform Commercial Code and a “Clearing Agency” registered pursuant to the provisions of Section 17A of the Exchange Act. DTC was created to hold securities for its participants and facilitate the clearance and settlement of securities transactions between participants through electronic book-entry changes in accounts of its participants, thereby eliminating the need for physical movement of certificates. Indirect access to the DTC system is available to others such as banks, brokers, dealers and trust companies and certain other organizations that clear through or maintain a custodial relationship with a participant, either directly or indirectly, whom we refer to as indirect participants.

Although DTC is expected to follow the foregoing procedures in order to facilitate transfers of interests in a global note among participants of DTC, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. None of the trustee, the paying agent, or we, or any of their or our agents, will have any responsibility for the performance by DTC or its participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Same Day Settlement and Payment

We will make payments in respect of the notes (including principal, interest and premium, if any) at the Corporate Trust Office of the Trustee except that, at the option of Navient, we will make payments of interest by check mailed to the registered address of the holder of the notes entitled thereto or, in accordance with arrangements satisfactory to the Trustee, at the option of the holder of the notes by wire transfer to an account designated by such holder. The notes represented by the global notes are expected to trade in DTC’s Same Day Funds Settlement System, and any permitted secondary market trading activity in the notes will, therefore, be

[Table of Contents](#)

required by DTC to be settled in immediately available funds. We expect that secondary trading in any certificated securities will also be settled in immediately available funds.

Euroclear and Clearstream

Investors may hold interests in the notes outside the United States through Euroclear or Clearstream if they are participants in those systems, or indirectly through organizations which are participants in those systems.

Euroclear and Clearstream will hold interests on behalf of their participants through customers' securities accounts in Euroclear's and Clearstream's names on the books of their respective depositories which in turn will hold such positions in customers' securities accounts in the names of the nominees of the depositories on the books of DTC. The following is based on information furnished by Euroclear or Clearstream, as the case may be.

Euroclear has advised us that:

- It was created in 1968 to hold securities for participants of Euroclear and to clear and settle transactions between Euroclear participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash;
- Euroclear includes various other services, including securities lending and borrowing and interfaces with domestic markets in several countries;
- Euroclear is operated by Euroclear Bank S.A./ N.V., as operator of the Euroclear System (the "Euroclear Operator"), under contract with Euroclear Clearance Systems S.C., a Belgian cooperative corporation (the "Cooperative");
- The Euroclear Operator conducts all operations, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator, not the Cooperative. The Cooperative establishes policy for Euroclear on behalf of Euroclear participants. Euroclear participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries and may include underwriters of securities offered by this prospectus supplement;
- Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear participant, either directly or indirectly;
- Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System, and applicable Belgian law (collectively, the "Terms and Conditions");
- The Terms and Conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear, and receipts of payments with respect to securities in Euroclear. The Euroclear Operator acts under the Terms and Conditions only on behalf of Euroclear participants, and has no record of or relationship with persons holding through Euroclear participants; and
- Distributions with respect to securities held beneficially through Euroclear will be credited to the cash accounts of Euroclear participants in accordance with the Terms and Conditions, to the extent received by the U.S. depository for Euroclear.

Clearstream has advised us that:

- It is incorporated under the laws of Luxembourg as a professional depository and holds securities for its participating organizations and facilitates the clearance and settlement of securities transactions between Clearstream participants through electronic book-entry changes in accounts of Clearstream participants, thereby eliminating the need for physical movement of certificates;

Table of Contents

- Clearstream provides to Clearstream participants, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic markets in several countries;
- As a professional depository, Clearstream is subject to regulation by the Luxembourg Monetary Institute;
- Clearstream participants are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations and may include underwriters of securities offered by this prospectus supplement;
- Indirect access to Clearstream is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream participant either directly or indirectly; and
- Distributions with respect to the securities held beneficially through Clearstream will be credited to cash accounts of Clearstream participants in accordance with its rules and procedures, to the extent received by the U.S. depository for Clearstream.

We have provided the following descriptions of the operations and procedures of Euroclear and Clearstream solely as a matter of convenience. These operations and procedures are solely within the control of Euroclear and Clearstream and are subject to change by them from time to time. Neither we, the underwriters, nor the Trustee take any responsibility for these operations or procedures, and you are urged to contact Euroclear or Clearstream or their respective participants directly to discuss these matters.

Secondary market trading between Euroclear participants and Clearstream participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Euroclear and Clearstream and will be settled using the procedures applicable to conventional eurobonds in immediately available funds.

Cross-market transfers between persons holding directly or indirectly through DTC, on the one hand, and directly or indirectly through Euroclear or Clearstream participants, on the other, will be effected within DTC in accordance with DTC's rules on behalf of the relevant European international clearing system by its U.S. depository; however, such cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in such system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the transaction meets its settlement requirements, deliver instructions to its U.S. depository to take action to effect final settlement on its behalf by delivering or receiving notes in DTC, and making or receiving payment in accordance with normal procedures. Euroclear participants and Clearstream participants may not deliver instructions directly to their respective U.S. depositories.

Because of time-zone differences, credits of securities received in Euroclear or Clearstream as a result of a transaction with a DTC participant will be made during subsequent securities settlement processing and dated the business day following the DTC settlement date. Such credits, or any transactions in the securities settled during such processing, will be reported to the relevant Euroclear participants or Clearstream participants on that business day. Cash received in Euroclear or Clearstream as a result of sales of securities by or through a Euroclear participant or a Clearstream participant to a DTC participant will be received with value on the business day of settlement in DTC but will be available in the relevant Euroclear or Clearstream cash account only as of the business day following settlement in DTC.

Although DTC, Euroclear and Clearstream have agreed to the foregoing procedures in order to facilitate transfers of securities among participants of DTC, Euroclear and Clearstream, they are under no obligation to perform or continue to perform such procedures and they may discontinue the procedures at any time.

UNITED STATES FEDERAL INCOME TAX CONSEQUENCES TO NON-U.S. HOLDERS

General

The following is a summary of the U.S. federal income tax consequences relating to an investment in the notes by Non-U.S. Holders (as defined herein). The summary is based on the Internal Revenue Code of 1986, as amended (the “Code”), U.S. Treasury regulations promulgated thereunder, judicial decisions, published positions of the Internal Revenue Service (the “IRS”) and other applicable authorities, all as in effect as of the date hereof and all of which are subject to change or differing interpretations (possibly on a retroactive basis). This discussion does not address all aspects of U.S. federal income taxation that may be relevant to particular person or persons subject to special treatment under U.S. federal income tax laws (such as broker dealers, traders in securities that elect to use a mark-to-market method of accounting, financial institutions, regulated investment companies, real estate investment trusts, tax-exempt organizations, insurance companies, persons who hold notes as part of a hedging, integrated, straddle, conversion or constructive sale transaction for U.S. federal income tax purposes, persons subject to the alternative minimum or Medicare tax on certain investment income, U.S. expatriates, controlled foreign corporations, passive foreign investment companies, or persons that are, or hold their notes through, partnerships or other pass-through entities) all of whom may be subject to tax rules that differ from those summarized below. Moreover, this discussion does not address any foreign, state or local tax consequences, or any U.S. federal tax consequences other than U.S. federal income tax consequences. No assurance can be given that the IRS would not assert, or that a court would not sustain, a position contrary to any of those set forth below.

In addition, this discussion deals only with certain U.S. federal income tax consequences to a holder that acquires the notes in the initial offering at their issue price and holds the notes as capital assets.

This summary is based on current U.S. federal income tax law, which is subject to change, possibly with retroactive effect.

EACH PROSPECTIVE PURCHASER OF THE NOTES SHOULD CONSULT ITS TAX ADVISOR CONCERNING THE U.S. FEDERAL, STATE, LOCAL AND FOREIGN TAX CONSEQUENCES OF AN INVESTMENT IN SUCH NOTES.

A “U.S. Holder” means a beneficial owner of a note (as determined for U.S. federal income tax purposes) that, for U.S. federal income tax purposes, is:

- a citizen or individual resident of the United States;
- a corporation created or organized in or under the laws of the United States or any state thereof or the District of Columbia;
- an estate, the income of which is subject to U.S. federal income taxation regardless of its source; or
- a trust, (i) the administration of which is subject to the primary supervision of a court within the United States and for which one or more U.S. persons have the authority to control all substantial decisions, or (ii) that has a valid election in effect under applicable U.S. Treasury Regulations to be treated as a U.S. person.

A “Non-U.S. Holder” means any beneficial owner of a note (as determined for U.S. federal income tax purposes) that is not a U.S. Holder or a partnership. If a partnership holds a note, the U.S. federal income tax treatment of a partner generally will depend upon the status of the partner and the activities of the partnership. A partner of a partnership holding a note should consult its tax advisor concerning the U.S. federal income and other tax consequences of its investment in our notes.

Tax Consequences to Non-U.S. Holders

Interest. A Non-U.S. Holder generally will not be subject to U.S. federal income or withholding tax on interest paid or accrued on a note if: (1) the interest is not effectively connected with a U.S. trade or business and (2) the Non-U.S. Holder satisfies the following requirements:

- (i) the Non-U.S. Holder does not actually or constructively own 10% or more of the total combined voting power of all classes of our stock entitled to vote;
- (ii) the Non-U.S. Holder is not a controlled foreign corporation related to us (directly or indirectly) through stock ownership;
- (iii) the Non-U.S. Holder is not a bank whose receipt of interest on the notes is described in Section 881(c)(3)(A) of the Code;
- (iv) either (A) the Non-U.S. Holder certifies to its non-U.S. status on IRS Form W-8BEN or W-8BEN-E (or a substantially similar form), as applicable, or (B) a securities clearing organization or certain other financial institutions holding the note on behalf of the Non-U.S. Holder certifies on IRS Form W-8IMY, that such certification has been received by it and furnishes us or our paying agent with a copy of the IRS Form W-8IMY together with the W-8BEN or W-8BEN-E of the beneficial owner, together with a withholding statement, if applicable; and
- (v) we or our paying agent do not have actual knowledge or reason to know that the beneficial owner of the note is a U.S. person.

If a Non-U.S. Holder does not satisfy the requirements described above, and does not establish that the interest is effectively connected with the Non-U.S. Holder's conduct of a trade or business in the United States (as discussed below), interest on the notes generally will be subject to U.S. federal withholding tax at a 30% rate (or a lower applicable treaty rate, provided certain certification requirements are met).

Sale, Exchange, Retirement or Other Disposition of a Note. Subject to the discussion below concerning backup withholding, a Non-U.S. Holder generally will not be subject to U.S. federal income or withholding tax on the receipt of payments of principal on a note, or on any gain recognized upon the sale, exchange, retirement or other disposition of a note, unless in the case where (i) such gain is effectively connected with the conduct by such Non-U.S. Holder of a trade or business within the United States and, if a treaty applies (and the holder complies with applicable certification and other requirements to claim treaty benefits), is attributable to a permanent establishment maintained by the Non-U.S. Holder within the United States or (ii) such

Non-U.S. Holder is an individual who is present in the United States for 183 days or more in the taxable year of disposition, and certain other conditions are met.

United States Trade or Business. If a Non-U.S. Holder is engaged in a trade or business in the United States, and if interest or gain on a note is effectively connected with the conduct of such trade or business and, if a treaty applies, is attributable to a permanent establishment maintained by the Non-U.S. Holder within the United States, the Non-U.S. Holder generally will be subject to U.S. federal income tax on the receipt or accrual of such interest or the recognition of gain, the sale or other taxable disposition of the note on a net basis in the same manner as if such holder were a U.S. Holder. If such interest or gain is recognized by a Non-U.S. Holder that is classified as a corporation, such corporation may also be subject to an additional U.S. federal branch profits tax at a 30% rate (or, if applicable, a lower treaty rate). Non-U.S. Holders should consult their tax advisors with respect to other U.S. tax consequences of the ownership and disposition of notes.

Backup Withholding and Information Reporting

A Non-U.S. Holder may be required to comply with certain certification procedures to establish that the holder is not a U.S. person in order to avoid information reporting and backup withholding tax with respect to our

[Table of Contents](#)

payment of principal and interest on, or the proceeds of the sale or other disposition of, a note. Any amounts withheld under the backup withholding rules will be allowed as a refund or a credit against that

Non-U.S. Holder's U.S. federal income tax liability provided the required information is furnished to the IRS. In certain circumstances, the name and address of the beneficial owner and the amount of interest paid on a note, as well as the amount, if any, of tax withheld may be reported to the IRS. Copies of these information returns may also be made available under the provisions of a specific treaty or agreement to the tax authorities of the country in which the Non-U.S. Holder resides.

Foreign Account Tax Compliance Act

Sections 1471 through 1474 of the Code (such provisions commonly known as "FATCA") impose a reporting regime and potentially a withholding at a rate of 30% in certain circumstances on interest in respect of, and, after December 31, 2018, gross proceeds from the sale or other disposition of, our notes held by or through certain foreign financial institutions (including investment funds), unless such institution (i) enters into, and complies with, an agreement with the IRS to report, on an annual basis, information with respect to interests in, and accounts maintained by, the institution that are owned by certain U.S. persons and by certain non-U.S. entities that are wholly or partially owned by U.S. persons and to withhold on certain payments, or (ii) if required under an intergovernmental agreement between the United States and an applicable foreign country, reports such information to its local tax authority, which will exchange such information with the U.S. authorities. An intergovernmental agreement between the United States and an applicable foreign country, or other guidance, may modify these requirements. Accordingly, the entity through which each note is held will affect the determination of whether such withholding is required. Similarly, in certain circumstances, interest in respect of, and, after December 31, 2018, gross proceeds from the sale or other disposition of, our notes held by an investor that is a non-financial non-U.S. entity that does not qualify under certain exemptions generally will be subject to withholding at a rate of 30%, unless such entity either (i) certifies that such entity does not have any "substantial United States owners" or (ii) provides certain information regarding the entity's "substantial United States owners," which we will in turn provide to the IRS. We will not pay any additional amounts to note holders in respect of any amounts withheld. Prospective investors should consult their tax advisors regarding the possible implications of these rules on their investment in our notes.

UNDERWRITING

Under the terms and subject to the conditions contained in an underwriting agreement dated the date of this prospectus supplement, the underwriters named below, for whom Barclays Capital Inc., J.P. Morgan Securities LLC and Merrill Lynch, Pierce, Fenner & Smith Incorporated are acting as the representatives, have severally agreed to purchase, and we have agreed to sell to them, severally, the principal amount of notes set forth opposite their names below.

<u>Underwriters</u>	<u>Principal amount of notes</u>
Barclays Capital Inc.	\$ 133,334,000
J.P. Morgan Securities LLC	\$ 133,333,000
Merrill Lynch, Pierce, Fenner & Smith Incorporated	\$ 133,333,000
Credit Suisse Securities (USA) LLC	\$ 25,000,000
Goldman Sachs & Co. LLC	\$ 25,000,000
RBC Capital Markets, LLC	\$ 25,000,000
Wells Fargo Securities, LLC	\$ 25,000,000
Total	\$ 500,000,000

The underwriters are offering the notes subject to their acceptance of the notes from us and subject to prior sale. The underwriting agreement provides that the obligations of the several underwriters to pay for and accept delivery of the notes offered by this prospectus supplement are subject to the approval of certain legal matters by their counsel and to certain other conditions. The underwriters are obligated to take and pay for all of the notes offered by this prospectus supplement if any such notes are taken.

The underwriters initially propose to offer the notes directly to the public at the public offering price set forth on the cover page of this prospectus supplement and may offer the notes to certain dealers at a price that represents a concession not in excess of 0.50% of the principal amount of the notes. Any such dealers may resell the notes purchased from the underwriters to certain other brokers or dealers at a discount not to exceed 0.25% of the principal amount of the notes. After the initial offering of the notes, the offering price and other selling terms may from time to time be varied by the representatives. The underwriters may offer and sell the notes through certain of their affiliates.

The following table shows the underwriting discount that we will pay to the underwriters in connection with this offering:

	<u>Note Paid by Us</u>
Per Note	1.000%
Total	<u>\$5,000,000</u>

Expenses associated with this offering to be paid by us, other than underwriting discounts, are estimated to be approximately \$500,000.

In connection with the offering of the notes, the underwriters may engage in transactions that stabilize, maintain or otherwise affect the price of the notes. Specifically, the underwriters may over allot in connection with the offering of the notes, creating a syndicate short position. In addition, the underwriters may bid for, and purchase, notes in the open market to cover syndicate short positions or to stabilize the price of the notes. The underwriters may also impose a penalty bid. This occurs when a certain underwriter repays to the underwriters a portion of the underwriting discount received by it because the representatives have repurchased notes sold by or for the account of such underwriter in stabilizing or short covering transactions. Finally, the underwriting syndicate may reclaim selling concessions allowed for distributing the notes in the offering of the notes, if the

[Table of Contents](#)

syndicate repurchases previously distributed notes in syndicate covering transactions, stabilization transactions or otherwise. Any of these activities may stabilize or maintain the market price of the notes above independent market levels. The underwriters are not required to engage in any of these activities, and may end any of them at any time.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended, or to contribute to payments which the underwriters may be required to make in respect of any such liabilities.

Prior to the offering, there have been no active markets for the notes. The underwriters have advised us that certain of the underwriters presently intend to make markets in the notes as permitted by applicable laws and regulations. Such underwriters are not obligated, however, to make the markets in the notes and any such market making may be discontinued at any time at the discretion of such underwriters. Accordingly, no assurance can be given as to the liquidity of, or trading markets for, the notes.

The underwriters and certain of their affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities. The underwriters and certain of their affiliates have, from time to time, performed, and may in the future perform, various commercial and investment banking and financial advisory services for the issuer and its affiliates, for which they received or may in the future receive customary fees and expenses. In the ordinary course of their various business activities, the underwriters and certain of their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investment and securities activities may involve securities and/or instruments of the issuer or its affiliates. If the underwriters or their affiliates have a lending relationship with us, certain of those underwriters or their affiliates routinely hedge, and certain other of those underwriters or their affiliates may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, the underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities or the securities of our affiliates, including potentially the notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the notes offered hereby. The underwriters and certain of their affiliates may also communicate independent investment recommendations, market color or trading ideas and/or publish or express independent research views in respect of such securities or instruments and may at any time hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Selling Restrictions

The notes may be sold only to purchasers purchasing, or deemed to be purchasing, as principal that are accredited investors, as defined in National Instrument 45-106 *Prospectus Exemptions* or subsection 73.3(1) of the *Securities Act* (Ontario), and are permitted clients, as defined in National Instrument 31-103 *Registration Requirements, Exemptions and Ongoing Registrant Obligations*. Any resale of the notes must be made in accordance with an exemption from, or in a transaction not subject to, the prospectus requirements of applicable securities laws.

Securities legislation in certain provinces or territories of Canada may provide a purchaser with remedies for rescission or damages if this prospectus supplement or the accompanying prospectus (including any amendment thereto) contains a misrepresentation, provided that the remedies for rescission or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province or territory. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province or territory for particulars of these rights or consult with a legal advisor.

[Table of Contents](#)

Pursuant to section 3A.3 of National Instrument 33-105 *Underwriting Conflicts* (“[NI 33-105](#)”), the underwriters are not required to comply with the disclosure requirements of NI 33-105 regarding underwriter conflicts of interest in connection with this offering.

European Economic Area

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “[Relevant Member State](#)”) an offer to the public of the notes offered hereby may not be made in that Relevant Member State, except that an offer to the public in that Relevant Member State of the notes may be made at any time under the following exemptions under the Prospectus Directive, if they have been implemented in that Relevant Member State:

- (a) to any legal entity which is a qualified investor as defined in the Prospectus Directive;

ABOUT THIS PROSPECTUS

This prospectus is part of an automatic shelf registration statement that we filed with the Securities and Exchange Commission (“SEC”) as a “well-known seasoned issuer”, as defined in Rule 405 under the Securities Act of 1933, as amended (the “Securities Act”). Under this shelf registration, we may, from time to time, sell an indeterminate amount of any combination of common stock, debt securities, preferred stock, warrants or units described in this prospectus in one or more offerings. We may also issue common stock upon conversion, exchange or exercise of any of the securities mentioned above. The registration statement that contains this prospectus (including the exhibits to the registration statement) contains additional information about us and the securities we may offer under this prospectus and any prospectus supplement. You can read that registration statement at the SEC web site at <http://www.sec.gov> or at the SEC office mentioned under the heading “Where You Can Find More Information.”

This prospectus describes the general terms of the securities we may offer. Each time we sell securities, we will provide a prospectus supplement that will describe the specific amounts, prices and other terms of that offering. The prospectus supplement prepared by us or on our behalf may also add, update or change information contained in this prospectus. To understand the terms of the securities that may be offered pursuant to this prospectus, you should carefully read this document with the applicable prospectus supplement or any free writing prospectus prepared by us or on our behalf. Together, these documents will give the specific terms of the offered securities. You should also read the documents we have incorporated by reference in this prospectus described below under “Where You Can Find More Information.”

We may also prepare free writing prospectuses that describe particular securities. Any free writing prospectus should also be read in connection with this prospectus and with any prospectus supplement referred to in that free writing prospectus. For purposes of this prospectus, any reference to a prospectus supplement may also refer to a free writing prospectus unless the context requires otherwise.

You should rely only on the information incorporated by reference or provided in this prospectus, any prospectus supplement or any free writing prospectus prepared by us or on our behalf. We have not authorized anyone else to provide you with different information. If anyone provides you with different or inconsistent information, you should not rely on it. We are not making an offer to sell these securities in any jurisdiction where the offer or sale is not permitted. You should not assume that the information in this prospectus, any prospectus supplement or any free writing prospectus is accurate as of any date other than the date on the front of those documents.

ABOUT NAVIENT CORPORATION

Navient Corporation, which we refer to throughout this prospectus as “we,” “us” or “Navient,” holds the largest portfolio of education loans insured or guaranteed under the Federal Family Education Loan Program (“FFELP”), as well as the largest portfolio of private education loans, in the United States. Navient was originally incorporated in Delaware on November 7, 2013 as New Corporation, a wholly owned subsidiary of SLM Corporation.

Navient was formed to hold, directly or indirectly, the assets and liabilities associated with SLM Corporation’s education loan management business, which consists primarily of portfolios of FFELP and private education loans, as well as servicing and collection activities on these and other student loans.

On April 30, 2014, SLM Corporation stockholders received one share of Navient common stock for each share of SLM Corporation common stock held by them on April 22, 2014. The distribution of Navient was preceded by an internal corporate reorganization, as a result of which SLM Corporation was replaced by a new publicly traded parent company which changed its name to SLM Corporation immediately following the reorganization.

DESCRIPTION OF DEBT SECURITIES

We may offer unsecured debt securities in one or more series which may be senior, subordinated or junior subordinated, and which may be convertible into another security.

The following description briefly sets forth certain general terms and provisions of the debt securities. The particular terms of the debt securities offered by any prospectus supplement and the extent, if any, to which the following general terms and provisions may apply to those debt securities, will be described in the applicable prospectus supplement. Unless otherwise specified in the applicable prospectus supplement, each series of our debt securities will be issued under an indenture to be entered into between us and The Bank of New York Mellon, as trustee. A form of the indenture is attached as an exhibit to the registration statement of which this prospectus forms a part. The terms of the debt securities will include those set forth in the indenture and those made a part of the indenture by the Trust Indenture Act of 1939 (“TIA”). You should read the summary below, the applicable prospectus supplement and the provisions of the indenture and indenture supplement, if any, in their entirety before investing in our debt securities.

The aggregate principal amount of debt securities that may be issued under the indenture is unlimited. The prospectus supplement relating to any series of debt securities that we may offer will contain the specific terms of that series of debt securities. Authorizing resolutions, a certificate or a supplemental indenture will set forth the specific terms of each series of debt securities. These terms may include, among others, the following:

- the title and aggregate principal amount of the debt securities and any limit on the aggregate principal amount;
- whether the debt securities will be senior, subordinated or junior subordinated;
- any applicable subordination provisions for any subordinated debt securities;
- the maturity date(s) or method for determining same;

- any other terms of the debt securities (which terms shall not be inconsistent with the provisions of the TIA, but may modify, amend, supplement or delete any of the terms of the indenture with respect to such series debt securities).

General

We may sell the debt securities, including original issue discount securities, at par or at a substantial discount below their stated principal amount. Unless we inform you otherwise in a prospectus supplement, we may issue additional debt securities of a particular series without the consent of the holders of any other debt securities of such series or any other series outstanding at the time of issuance. Any such additional debt securities, together with all other outstanding debt securities of that series, will constitute a single series of securities under the indenture.

We will describe in the applicable prospectus supplement any other special considerations for any debt securities we sell which are denominated in a currency or currency unit other than U.S. dollars. In addition, debt securities may be issued where the amount of principal and/or interest payable is determined by reference to one or more currency exchange rates, commodity prices, equity indices or other factors. Holders of such securities may receive a principal amount or a payment of interest that is greater than or less than the amount of principal or interest otherwise payable on such dates, depending upon the value of the applicable currencies, commodities, equity indices or other factors. Information as to the methods for determining the amount of principal or interest, if any, payable on any date, the currencies, commodities, equity indices or other factors to which the amount payable on such date is linked will be described in the applicable prospectus supplement.

United States federal income tax consequences and special considerations, if any, applicable to any such series will be described in the applicable prospectus supplement. Unless we inform you otherwise in the applicable prospectus supplement, the debt securities will not be listed on any securities exchange.

We expect most debt securities to be issued in fully registered form without coupons and in denominations of U.S. \$2,000 and any integral multiple of \$1,000 in excess thereof. Subject to the limitations provided in the indenture and in the applicable prospectus supplement, debt securities that are issued in registered form may be transferred or exchanged at the designated corporate trust office of the trustee, without the payment of any service charge, other than any tax or other governmental charge payable in connection therewith.

[Table of Contents](#)

Global Securities

Unless we inform you otherwise in the applicable prospectus supplement, the debt securities of a series may be issued in whole or in part in the form of one or more global securities that will be deposited with, or on behalf of, a depositary identified in the applicable prospectus supplement. Global securities will be issued in registered form and in either temporary or definitive form. Unless and until it is exchanged in whole or in part for the individual debt securities, a global security may not be transferred except as a whole by the depositary for such global security to a nominee of such depositary or by a nominee of such depositary to such depositary or another nominee of such depositary or by such depositary or any such nominee to a successor of such depositary or a nominee of such successor. The specific terms of the depositary arrangement with respect to any debt securities of a series and the rights of and limitations upon owners of beneficial interests in a global security will be described in the applicable prospectus supplement.

Governing Law

The indenture and the debt securities shall be construed in accordance with and governed by the laws of the State of New York.

DESCRIPTION OF CAPITAL STOCK

Under our amended and restated certificate of incorporation, our authorized capital stock is 1,125,000,000 shares of common stock, \$0.01 par value, and 20,000,000 shares of preferred stock, \$0.20 par value.

As of June 30, 2014, 419,438,459 shares of our common stock were outstanding and no preferred stock was outstanding.

Common Stock

Our common stock is described in our Information Statement, filed as Exhibit 99.1 to our Form 10. This Information Statement is incorporated by reference into this prospectus.

We will distribute a prospectus supplement with regard to each issue of common stock. Each prospectus supplement will describe the specific terms of the common stock offered through that prospectus supplement and any general terms outlined in our Form 10, as amended, that will not apply to that common stock.

Preferred Stock

We may issue preferred stock in one or more series with any rights and preferences that may be authorized by our board of directors.

We will distribute a prospectus supplement with regard to each particular series of preferred stock. Each prospectus supplement will describe, as to the series of preferred stock to which it relates:

- the title of the series of preferred stock;
- any limit upon the number of shares of the series of preferred stock that may be issued;
- the preference, if any, to which holders of the series of preferred stock will be entitled upon our liquidation;
- the date or dates, if any, on which we will be required or permitted to redeem the preferred stock;
- the terms, if any, on which we or holders of the preferred stock will have the option to cause the preferred stock to be redeemed or purchased;
- the voting rights, if any, of the holders of the preferred stock;
- the dividends, if any, that will be payable with regard to the series of preferred stock, which may be fixed dividends or participating dividends, and may be cumulative or non-cumulative;
- the right, if any, of holders of the preferred stock to convert it into another class of our stock or securities, including provisions intended to prevent dilution of those conversion rights;
- any provisions by which we will be required or permitted to make payments to a sinking fund to be used to redeem preferred stock, or a purchase fund to be used to purchase preferred stock; and
- any other material terms of the preferred stock.

Any or all of these rights may be greater than the rights of the holders of common stock. In addition, our board of directors, without shareholder approval, may issue preferred stock with voting, conversion or other rights that could adversely affect the voting power and other rights of the holders of our common stock.

[Table of Contents](#)

The terms of the preferred stock that might be issued could conceivably prohibit us from:

- consummating a merger;
- reorganizing;
- selling substantially all of our assets;
- liquidating; or
- engaging in other extraordinary corporate transactions without shareholder approval.

Preferred stock could therefore be issued with terms calculated to delay, defer or prevent a change in our control or to make it more difficult to remove our management. Our issuance of preferred stock may have the effect of decreasing the market price of the common stock.

DESCRIPTION OF WARRANTS

We may issue:

- warrants for the purchase of debt securities, common stock, preferred stock or units of two or more of these types of securities; or
- currency warrants, which are warrants or other rights relating to foreign currency exchange rates.

Warrants may be issued independently or together with debt securities, preferred stock or common stock, and may be attached to or separate from any offered securities. Each series of warrants will be issued under a separate warrant agreement to be entered into between us and a bank or trust company, as warrant agent. The warrant agent will act solely as our agent in connection with the warrants and will not assume any obligation or relationship of agency or trust for or with any registered holders of warrants or beneficial owners of warrants.

We will distribute a prospectus supplement with regard to each issue of warrants. Each prospectus supplement will describe:

- in the case of warrants to purchase debt securities, the designation, aggregate principal amount, currencies, denominations and terms of the series of debt securities purchasable upon exercise of the warrants, and the price at which you may purchase the debt securities upon exercise;

PLAN OF DISTRIBUTION

We may sell any of the securities being offered by this prospectus separately or together:

- through agents;
- to or through underwriters who may act directly or through a syndicate represented by one or more managing underwriters;
- through dealers;
- through a block trade in which the broker or dealer engaged to handle the block trade will attempt to sell the securities as agent, but may position and resell a portion of the block as principal to facilitate the transaction;
- in exchange for our outstanding indebtedness;
- directly to purchasers, through a specific bidding, auction or other process; or
- through a combination of any of these methods of sale.

If the securities offered under this prospectus are issued in exchange for our outstanding securities, the applicable prospectus supplement will describe the terms of the exchange, and the identity and the terms of sale of the securities offered under this prospectus by the selling security holders.

The distribution of securities may be effected from time to time in one or more transactions at a fixed price or prices that may be changed, at market prices prevailing at the time of sale or prices related to prevailing market prices or at negotiated prices.

Agents designated by us from time to time may solicit offers to purchase the securities. We will name any agent involved in the offer or sale of the securities and set forth any commissions payable by us to an agent in the prospectus supplement or pricing supplement for that transaction. Unless otherwise indicated in the prospectus supplement or pricing supplement, any agent will be acting on a best efforts basis for the period of its appointment. Any agent may be deemed to be an “underwriter” of the securities as that term is defined in the Securities Act.

If we utilize an underwriter or underwriters in the sale of securities, we will execute an underwriting agreement with the underwriter or underwriters at the time we reach an agreement for sale. We will set forth in the prospectus supplement the names of the specific managing underwriter or underwriters, as well as any other underwriters, and the terms of the transactions, including compensation of the underwriters and dealers. This compensation may be in the form of discounts, concessions or commissions. Underwriters and others participating in any offering of securities may engage in transactions that stabilize, maintain or otherwise affect the price of securities. We will describe any of these activities in the prospectus supplement.

If a dealer is utilized in the sale of the securities, we or an underwriter will sell securities to the dealer, as principal. The dealer may then resell the securities to the public at varying prices to be determined by the dealer at the time of resale. The prospectus supplement will set forth the name of the dealer and the terms of the transactions.

We may directly solicit offers to purchase the securities, and we may sell directly to institutional investors or others. These persons may be deemed to be underwriters within the meaning of the Securities Act with respect to any resale of the securities. The prospectus supplement will describe the terms of any direct sales, including the terms of any bidding or auction process, if utilized.

The prospectus supplement will describe the terms and conditions of indemnification or contribution. Some of the agents, underwriters or dealers, or their affiliates, may be our customers, or engage in transactions with or perform services for us and our subsidiaries in the ordinary course of business.

Certain of the agents, underwriters and dealers that we sell the securities offered under this prospectus to or through, and certain of their affiliates, engage in transactions with and perform services for us in the ordinary course of business. We are not required to engage in any of these transactions. If we commence these transactions, we may discontinue them at any time.
